AUTOMOTIVE WINDOW FILM

Nothing Better
Under The Sun.

© 2011 L95287 5/11

PROTECTING YOU AND YOUR VEHICLE

When Sun-Gard automotive window film is applied to your vehicle, you will immediately see and feel the difference. All Sun-Gard window films offer state-of-the-art solar protection, durability and will enhance your vehicle's look and performance. With a wide variety of shades, there is a Sun-Gard window film that is right for you.

Enhance Vehicle Appearance

A vehicle with Sun-Gard window film simply looks better. Each film is designed to enhance the beauty of your car or truck. You've invested a lot in your vehicle. Now give it the finishing touch — window film applied professionally by your Sun-Gard dealer.

Promote Energy Savings

By reducing the time it takes to heat or cool your vehicle, Sun-Gard window film helps save wear and tear on your vehicle's air conditioning and heating system.

Increase Comfort

Sun-Gard window films reject up to 67 percent of the sun's heat — reducing the interior temperature in your vehicle. Once moving, window film will help your vehicle cool more rapidly — even after hours in the blazing sun.

Block UV Rays

Sun-Gard window films screen out up to 99% of the sun's invisible ultraviolet (UV) radiation — the principal cause of skin related health issues and premature aging.

IF YOU WANT TO
PROVIDE YOUR VEHICLE
WITH LONG-LASTING
PROTECTION, CHOOSE
SUN-GARD® AUTOMOTIVE
WINDOW FILMS.

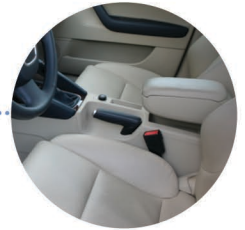

Reduce Glare

All Sun-Gard window films reduce the sun's annoying glare as well as vehicle headlight glare, which enhances driving safety and comfort. By adding a strip of film to your windshield (where permissible), you can also help reduce glare from the rising or setting sun.

Protect Passengers

In the event of glass breakage, Sun-Gard window film helps hold dangerous broken glass together and away from occupants.

Preserve Your Vehicle

Sun-Gard window film's UV radiation screening properties also slow down fading of interior fabrics and plastics, helping to keep your interior looking new for years to come. This is especially important for vehicles that are exposed to hours of harmful sunlight.

Manufacturer-Backed Warranty

All Sun-Gard window films are fully warranted against certain conditions which are listed on your Sun-Gard warranty.
