

2013 INFINITI JX RELEASED AND REVIEWED BY AUTOWEEK

Infiniti crafts luxury that refuses to be anything less than extraordinary. With signature Infiniti design, spacious accommodation for 7 and world's first innovative technologies, the Infiniti JX redefines versatility for the modern family.

You've seen the exterior of the Infiniti JX crossover at Pebble Beach, but at the Los Angeles auto show we got the first peek at the interior of Infiniti's coming three-row seven-seater.

The front- or all-wheel-drive utility is aimed squarely at the 7-seat crossover segment selling for \$40,000-something. The JX has the advantage of offering a front-wheel-drive version, which gives Infiniti a price and powertrain advantage. The base FWD JX starts at \$40,450. The AWD version is \$41,550. We tried out the seats and found the access to the third row to be best in class. An upward tug on the second-row seatback resulted in a spring-loaded launch forward and an opening big enough for a real adult to crawl through. The model on the show stand had a sunroof, so our headroom was pretty scrunched back there. Nonetheless, the third row is only for occasional use when you have to bring the entire soccer team home, so a lack of headroom in the third row is entirely forgivable.

Fold down the third row of seats and you have a substantial cargo area. The second and third rows of seats offer plenty of room in all directions.

The dash had a distinctive Infiniti look to it, centered around the big knob that controls the car's many telematics. That includes a means of downloading your entire calendar and other data from your mobile phone. It also syncs with Infiniti's Personal Assistant, a sort of rolling concierge service.

The dash had a distinctive Infiniti look to it, centered around the big knob that controls the car's many telematics. That includes a means of downloading your entire calendar and other data

The JX is powered by a 265-hp, 248-lb-ft version of the venerable VQ35DE V6 mated to a CVT. The JX goes on sale in April and will be built in Smyrna, Tenn.

WAYS TO SAVE GAS

With gas prices on the rise, here are a few tips to pay close attention to that will help you save TIME...and MONEY at the pump.

1. Don't fill up on the weekend. Prices are always higher on Friday, Saturday and Sunday.
2. Keep tires inflated to the maximum. It can improve mileage by as much as 10%.
3. Go easy on the brakes. Coast up to the stop sign so you don't have to break very much.
4. If you're stuck in traffic, or waiting for someone, turn off the engine.
5. Take heavy stuff out of the trunk. Every 100 pounds reduces mileage by 2% according to Kiplinger's Personal Finance.
6. Use a cash-back credit card. Some offer as much as 5% back, while 1-2% is the common figure.
7. Consider gas efficient vehicles such as the [EXCrossover](#) and [FX Crossover](#), which offer better gas mileage without sacrificing the space that comes with the convenience of an SUV. Come take a look at all the energy saving inventory we have to offer at [Coulter Infiniti](#)...Holding the Keys to Luxury!

SECTION 179 SAVINGS ON THE QX56

What is Section 179? Section 179 is a provision of the Internal Revenue Service Tax Code (**\$179**) that pertains to tax deductions targeting small and medium-sized businesses. Its purpose is to provide financial assistance in regard to equipment and software purchases, and even acts as an incentive to buy new and used equipment, software, and vehicles. While there are several components to Section 179, the most popular (and most used) is the deducting of the full purchase price of equipment for the current tax year. This allows a company to purchase equipment and deduct the full amount of the purchase price from their reported gross income. Section 179 is one of the best tax deductions available to small business owners. This tax deduction enables small business owners take advantage of the huge deductions available by adding equipment and vehicles before Dec 31st.

Both the Infiniti QX56 2WD /4WD qualify for the maximum deduction according to Section 179. Take a look at the huge selection of this luxurious 8 passenger SUV [here](#).
