VEHICLE PERSONALIZATION ACCESSORIES

Genuine Land Rover KIT assures confidence

Land Rover would like to remind you that accessories that are non-genuine Land Rover are not warranted by Land Rover North America and may not be serviceable at other Land Rover Retailer Centers. If your Land Rover Center or sales guide offers you non-genuine Land Rover parts or accessories, we recommend finding out whether they have a warranty, where they can be serviced, and what company provides these warranties and service.

MAKE LR2 UNIQUELY YOURS

YOUR LR2 DELIVERS OUTSTANDING ON-ROAD PERFORMANCE as well as the legendary off-road capability of a Land Rover. Of course, the dynamic LR2 also features a confident stance, purposeful and spacious interior, and an abundance of advanced technologies.

Now, to complete the package, you can make LR2 reflect and accommodate your lifestyle when you consider the accessories highlighted in this brochure. The result of extensive planning and testing, these items are engineered to ensure seamless integration with your Land Rover.

Rest assured that these accessories are covered by the same limited warranty as your LR2.* To learn more about these distinctive additions, please take a few moments to read through this brochure and then consult with your local Land Rover retailer.

**When installed at the time of your LR2 purchase.*

Why Buy Genuine Land Rover KIT?

KIT: The Land Rover Retailer-fitted vehicle accessory range engineered specifically for Land Rovers

Just as all Land Rover vehicles deliver outstanding on- and off-road performance, so does the extensive range of Land Rover engineering-approved accessories. As a complement to the Land Rover owner's lifestyle, these accessories are engineered to ensure seamless integration with Land Rover vehicles.

KIT has no equal — ranking above any aftermarket counterpart — when it comes to proper performance with Land Rovers. Here's why:

PREDICTIVE ANALYSIS

Using the latest predictive stress analysis methods validates the safety and durability of Land Rover KIT.

VIRTUAL ENGINEERING

Computer-Aided Design helps ensure that accessories are conceived to complement the vehicle's lines and stylish looks. This ensures the high quality of fit and finish one expects from Land Rover.

ENVIRONMENTAL

Different climates provide different challenges for these accessories. Land Rover KIT is tested under a range of climate conditions to ensure quality performance.

DURABILITY

All accessories undergo the same test plan as the vehicles themselves — rigorously analyzed far beyond the extremes of normal customer use.

RIG TESTING

Heavily integrated parts, such as roof bars, are developed and tested very early on during vehicle development to ensure seamless compatibility.

WARRANTY

KIT is covered by the same limited new vehicle warranty as your Land Rover when installed at the time of customer delivery.

WHEELS

Durable and pleasing to the eye, alloy wheels add a distinctive touch to your LR2's sculpted appearance.

19" ALLOY WHEEL WITH TIRE

This 10-spoke alloy wheel radiates a Chrome Shadow finish. Tire size: 235/55 R19.
